WORKS LIKE MAGIC FOR GIRLS

My daughter is much better. She is now starting on her third bottle. Wine of Cardul and Thedford's Black-Draught have worked like magic with her. I have told some of my acquaintances of your medicines and can heartily recommend them to others. My daughter had both uterine and ovarian symptoms, side ache, backache, and a headache now and then, especially in the top of the head. But the most stubborn pain was in the left side at the lower edge of the ribs or three or four inches above the upper part of the groin, with soreness of the whole abdomen during the period.

Mothers whose daughters are nearing the age of womanhood should give a care to their condition, before they reach the stage of suffering Mrs. Milliken describes. Too often beautiful and promising girls become permanent invalids because of a lack of proper caution at this critical period of their lives.

The important thing for a girl just entering womanhood is to be started right. Then a beatthy and happy life will follow:

WINE OF CARDU

Is the great emmenagogue. It will regulate the menstrual flow. It will start the girl right. Every mother should present her daughter with a bottle of Wine of Cardui and teach her to rely on it as a friend. Girls who take an occasional dose of this pure Wine are strong and healthy. They avoid much agony and torture. Mrs. Milliken's daughter was cured of all her suffering and now she is a strong supply your daughter was the strong. These leaves the free to be a suffering and now she is a strong woman. Your daughter may be strong. There is no danger to fear at the coming of the menstrual habit where Wine of Cardui is allowed to start healthy periods. Thousands of mothers endorse Wine of Cardui. All druggists sell \$1.00 bottles.
